

Ad Quality Defense for Platforms

Deliver More Relevant Inventory

AD FRAUD SENSOR

Ad Quality Defense enables platforms to proactively remove low-quality and non-compliant digital ads before they ever reach the bidding stage. Protect your ad inventory from content, policy, and technical violations by setting custom standards that ensure your ad inventory remains pristine. Elevate your ad quality and safeguard your reputation with Ad Quality Defense—where quality meets trust in digital advertising.

Ad Quality Defense is part of Advertising Protection, a suite of solutions purpose-built to secure digital advertising.

WHAT WE SOLVE FOR

NSFW CONTENT

MISCLASSIFIED ADS

POLICY VIOLATIONS

TECHNICAL VIOLATIONS

“You should try running the HUMAN script. It’s just a simple line of code. Just plug and play and see if this problem continues to happen once it’s been installed. It typically doesn’t.”

CO-FOUNDER at *Factinate*

Factinate

BENEFITS

SUPERIOR DETECTION

Identify ad quality violations with sophisticated scanning methods on creatives and landing pages

GRANULAR CONTROL

Robust Dashboard displays reporting and insights to make filtering decisions

Pre-bid filtration for unwanted advertisers and creatives based on a host of quality parameters

Configurable user interface provides control over creative settings, rules and reasons for filtration

Continuously updated protection against ad quality violations

THE HUMAN ADVANTAGE

Scale

We verify more than 20 trillion digital interactions weekly across 3 billion unique devices, the world's largest threat network, providing unrivaled threat telemetry.

Speed

Our Decision Engine analyzes 2,500+ signals across 400 algorithms in a matter of milliseconds to provide a frictionless customer experience.

Decision Precision

With signals gathered across the customer journey, we employ advanced machine learning to detect and mitigate sophisticated threats and fraud schemes in real time.

HUMAN is trusted by the world's leading enterprises and internet platforms to prevent, detect, and respond to cyber attacks with unmatched scale, speed, and decision precision across their advertising, application, and account surfaces. Safeguard your customer journey end to end with complete confidence by consolidating with the Human Defense Platform.
